Greetings And Top Urgent Needed,

For your kind attention. I will be very glad if you do assist me to relocate this sum off ($15.5) million dollars to your account for the benefit of our both families.

This is a genuine business,only i cannot operate it alone without using a Foreigner who will act as a beneficiary to the fund, that is why i decided to contact you in a good manner to assist me and also to share the benefit together with me.

By indicating your interest I will send you the full information on how the business will be executed.

Best Regards,
